

NAMES CHANGED LEGALLY IN GEORGIA, 1800-1856

One of the problems facing the genealogist is tracing persons whose names have been changed. In Georgia, alterations and changes in names and legitimizations were made by legislative act until the Act of March 6, 1856 which gave this power to the Inferior Court of the county of residence. This Act established the procedure for adopting a child so as to render it capable of inheriting, the procedure to change a name and the procedure for the father of an illegitimate child to render the child legitimate. The name changes listed here give as much information as could be gleaned from the Acts of the General Assembly from 1800 to 1856. In some cases only the previous name and the new name is given. In other cases, specifically in case of legitimizations, the names of the fathers and counties of residence also were given. Names for which no footnotes are indicated are given in the list as a name altered and changed without a specific reason, though in some cases it would seem that these were legitimizations. Footnote (I) has been used only if the Act states that the child was born out of wedlock, that the father was his "reputed" father, or he was recognized as illegitimate. Where two counties are given, the first is the place of residence of the person whose name is changed and the second is the place of residence of the father.

| <u>Name changed to:</u> | <u>Name changed from:</u> | <u>Child of and county of residence:</u> | <u>Date of Act:</u> |
